HTML

Experienced and skilled Web Designer / Developer with a proven track record of success in creating visually appealing and user-friendly websites. With over 16 years of experience in the field, I have worked with Devcity, contributing to the development of websites and graphics. I am proficient in Adobe Photoshop, HTML5, CSS, Bootstrap, and other design tools, and have a strong understanding of UI/UX design principles. My education background includes a Bachelor's Degree in Computer Engineering from AMA Computer University. My goal is to continue honing my skills and staying up-to-date with the latest design trends and technologies to deliver exceptional web experiences.

Work History

2017-08 - 2024-11 **Web Designer**

Devcity

As a Web Designer / Developer at Devcity, I have been responsible for creating visually appealing and user-friendly websites. Using my skills in Adobe Photoshop, HTML5, CSS, and Bootstrap, I have developed websites that effectively communicate the client's brand and message. Additionally, I have experience with web design tools such as Webflow, Framer, and Figma, allowing me to create stunning and interactive web interfaces. My strong background in UI/UX design and knowledge of Wix have enabled me to deliver high-quality websites that meet the client's requirements and exceed their expectations.
