PROFILE

Motivated web developer with experience in creating responsive web designs. Knowledgeable in Laravel, CodeIgniter, MySQL, HTML, CSS, JavaScript, and jQuery, Graduated from the University of Caloocan City in 2022 with a focus on Bachelor of Science in Information Technology. Eager to leverage skills and education to contribute effectively to innovative web development projects.

SKILLS

- PHP / Laravel / CodeIgniter
- MongoDB / MySQL / Firebase
- HTML / CSS / Javascript
- VueJS / ReactJs
- NodeJS / ExpressJs
- Java / VB.net / C#
- Kotlin
- Git (Version Control)

OBJECTIVE

Seeking a Junior Software Developer position where I can leverage my foundational experience and passion for software development to contribute effectively and that allows me to apply my knowledge while emphasizing the importance of utilizing both old and new technologies. Dedicated to making a meaningful impact on the success and growth of the company through innovative solutions and continuous learning.
